

Mould Awareness Virtual Class

Pre-requisites:

Ability to speak and read English to a sufficient standard to complete the course.

Content:

This session provides participants with the foundation knowledge and basic skills required to understand the health impacts and hazard of mould and dampness exposure in a residential or commercial environment. Participants will learn how to apply the basic understandings of how mould grows and under what conditions do they thrive, to the assessment of health hazards and material / property damage. Participants will learn about exposure mechanisms and how to protect themselves through the use of respiratory and personal protective equipment and gain the basic principles of mould cleaning for small and simple projects.

Delivery Method:

online

There are currently no dates available for this course.

Greencap provide scheduled dates for courses in their public course schedules; these courses are subject to sufficient numbers of students wishing to undertake the training. Should a course be under subscribed the course may be deferred until it is viable to conduct the training. In this instance Greencap will contact the student enrolled to inform them and re-schedule. Dates listed on this flyer are subject to change; please refer to our website training.greencap.co.nz for the latest public course dates.

*No GST is applicable to the cost of this course

Nationally Recognised Training will be conducted in partnership with Registered Training Organisation (RTO) Integrated Safety Training Pty Ltd RTO Provider No. 21897
